LICENSING COMMITTEE REPORT AND ACTION

The Licensing Committee did not meet this past quarter.

a. FOR INFORMATION: Competency Committee Report

Attachment 1

California Practice Standards and Jurisprudence Examination for Pharmacists (CPJE)

Attachment 1 includes examination statistics for the CPJE and the NAPLEX exams from October 2011 through March 2012. The overall pass rate for the CPJE was 70.4%; however, the pass rate was higher for graduates from the California Schools of Pharmacy at 80%. Applicants with a PharmD degree also continue to perform better on the exam with an overall pass rate of 73.2% versus those with a BS degree which has a pass rate of 59.6%.

The overall pass rate for the NAPLEX was 95.6% and graduates from the California Schools of Pharmacy perform slightly higher than graduates from outside of CA, 98.6% versus 97.2% and applicants with a PharmD degree also perform better on the NAPLEX than those with a BS degree, 98% versus 86.1%

Examination Development

Competency Committee workgroups held its annual joint meeting in August 2012 and each workgroup also convened meeting in the fall of 2012 as well. The committee will resume meetings next year, focusing its activities again on examination development.

b. FOR INFORMATION: Licensing Statistics

Attachment 2

Provided in **Attachment 2** is the first quarters licensing statistics. During the first three months of fiscal year, the board has received over 4,800 applications and issued over 4,100 licenses. The number of applications received is down compared to the same period last year by about 12%; however, there is a 2.6% increase in the number of licenses issued.

c. FOR INFORMATION: First Quarterly Report on the Committee's Goals for 2012/13

Attachment 3

The first quarterly report on the Licensing Committee's goals is provided in **Attachment 3.** This is the first quarterly update in the board's new strategic plan formatting. Because of programming challenges with the board's existing computer system, some of the success indicators remain under development. We hope to have this resolved before the next board meeting.

As indicated in the quarterly update, the board is not meeting the success indicator measurements. This is due to staff vacancies as well as two staff on leaves of absences. We expect significant improvement in several areas over this next quarter as several key positions will be filled.

California State Board of Pharmacy CPJE Statistics 10/1/2011 – 3/31/2012

The charts below display data for all candidates who took the CPJE examination between 10/1/2011 – 3/31/2012, inclusive.

The board also displays NAPLEX scores associated with any candidate who took the CPJE during this six-month period and was reported to the board, regardless of when the NAPLEX may have been taken (it could have occurred outside the six-month reporting period noted above). Typically, the board reports CPJE performance data at six-month intervals.
